Sustainability Report 2018

Our sustainability report 2018 has been released! We are committed to transparent reporting on our sustainability journey and we prepare it in accordance with the GRI Standards Embracing our innovative culture, 2018 is a year that we made big steps towards a sustainable industry. We have continued our works to be more environmentally friendly and take up social responsibility.

March

Visit to HKRITA's Hydrothermal Treatment for upcycling at Tai Po

It is our honor to explore together with HKRITA in how to industrialize for their latest technology on separating cotton from polyester in blended textile products. It is a great start to close the fashion loop.

April Global Change Award

It is our honor to join the Global Change Award 2019 by H&M Foundation, with a partnership with H&M more than 30 years; this is our great pleasure to meet the Family of H&M, the Chairman of the Board of H&M, Stefan Persson and CEO, Karl Johan Persson!

DAKOTA X Change Maker Lab

Dakota has joined the Change Maker Lab at Berlin! This is the time for this generation to drive change. We believe that it is never too late. Nothing changes if nothing changed.

We believe that it is never too late.

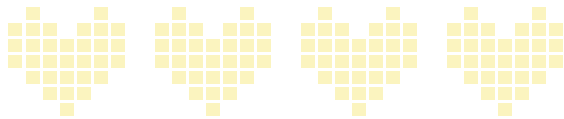

This is the time for this generation to drive change.

Happy Moments
