

# DAKOTA

*We continue our journey and extend our meeting with different organizations. Sharing the same value of sustainable development, we all make a great endeavor to contribute to society and the environment.*

## June

### DAKOTA X HKUST Alumni Endowment Fund Golf Day

The Alumni Endowment Fund (AEF) of HKUST aims to provide the best learning environment and the finest resources for nurturing a generation of the informed and responsible global citizen of tomorrow.

We are so happy to support the HKUST Alumni Endowment Fund Golf Day by making functional POLO sport-tee for all of the golf lovers under our story of Sustainability!

### H&M Advisory Board

We provided straight and honest feedback in the meeting directly to the top management of H&M. We appreciate the openness and constructive discussion in the Board. We saw there are lots of good actions rolling out. Let us keep the momentum to be the game-changer in the industry!

## July

### Donation trip in Myanmar

We value our development in Myanmar, and we always look for the opportunity to serve the local community, on 9th June, we organized a donation trip to the Myanmar orphan. We believe in giving real care, and love can make a difference to the World.

**We believe in giving real care,  
and love can make a  
difference to the World.**

## Visit by the International Organization for Migration (IOM)

We support the development in Myanmar, and the International Organization for Migration (IOM) visited our factory in Yangon to better understand the experiences of internal migrants in working in a factory.

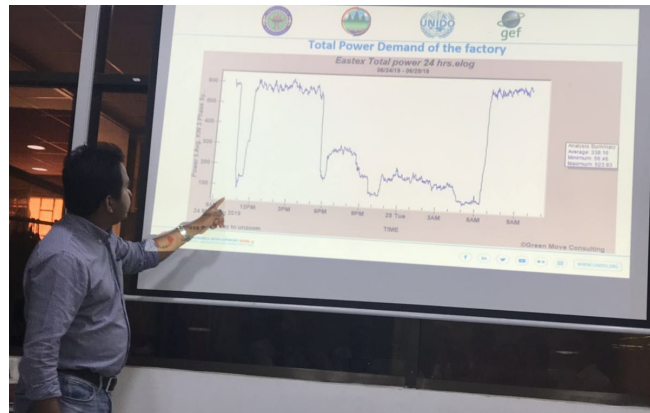

## WE DO IT IN THE RIGHT WAY TO DRIVE A BETTER WORLD

We love,  
We care,  
and we take  
responsibility.

### TEST project by United Nations Industrial Development Organization (UNIDO)

We drive our business in a sustainable way and It is our pleasure to support the "Low Carbon Development for Productivity and Climate Change Mitigation through Transfer of Environmentally Sound Technology Methodology (TEST) " project led by United Nations Industrial Development Organization (UNIDO).

The TEST methodology aims for better utilization of resources and energy. It also aims to improve productivity and minimize environmental impact.
